

Product information - Canopies

The architects attention to detail for a canopy to the entrance is often a statement of the design intent and gives the initial impression of the building before entering. We can provide any type of canopy structure with a variety of roof coverings including Patent glazing, laminated glass, polycarbonate as well as incorporating flashings, gutters and rain water pipe requirements.

> Powder coated canopy structure with acid etched glass roof and including colour matching gutters and raking step balustrades

>> 10mm toughened glass.

>>> Galvanized structure with patent glazing and 6.4mm laminated glass roof.
